LMP-P120

Replacement lamp for the projector VPL-PX1, 120 Watt UHP

The LMP-P120 is a 120 Watt UHP (Ultra High Performance) lamp for the projector model VPL-PX1.

During its entire lifetime, you can rely on a constant light output generated by this lamp.

When making important presentations, it is better to ensure you always have a projector lamp in spare, especially towards the end of the lamp's lifetime.
